ROB KELLER

Welcome to the Military Service Center or MSC, where our motto is “Serving All Members, Veterans and their Families, Yesterday, Today and Tomorrow.”

One of the most enduring elements of being a member of the U.S. Armed Forces is the sense of family. Each branch has its own unique way of caring for its members and their families.

In the same context, returning from a deployment can trigger a mixed bag of emotions. While you’re elated at the thought of returning home to your Family and friends, making the transition back to civilian life is a challenge. We are profoundly aware that a Service Member’s life extends beyond the deployment.

In these pages you’ll find information and insights designed to inform, encourage and strengthen. We are a resource to increase awareness of new and existing initiatives, services, and support available to all Service Members, past and present, along with their Families.

Our team is looking forward to getting to know you and assisting in any way possible. We are here for your success.

If there is something we can do to assist, please contact:

Airman & Family Readiness Program

To the Families, Thank You! Thank you for the encouragement and support! Our service members are a critical element to our state, local and national defense. Without your support the mission would suffer greatly. Your service and support may entitle you and your families to a wide variety of benefits that will help prepare you for deployments, career changes and life events. The Airman & Family Readiness Program (A&FRP) provides an extensive information and referral program that can reduce stress and create resiliency within the military family. As a Reservist myself, I fully understand many of the challenges that a military family can experience. Regardless of branch affiliation, I will provide the best service and support that I can to you and your families.

YELLOW RIBBON REINTEGRATION PROGRAM

The Yellow Ribbon reintegration program is a program that is a valuable part of keeping the NDNG force ready and prepared for anything. This program enables the NDNG to welcome home Service Members and assist them, as well as their families, friends and employers, with the transitional issues that accompany any deployment or separation.

The program begins from the time the unit receives the alert order and continues throughout the transition period returning home. There are pre, during and post events that make up this phenomenal program. Pre events help families and Service Members prepare for the road ahead. The “during events” help the families through daily struggles and the anticipation of the return home. The “during events” for the Service Member are the responsibility of the commander while in country to provide tools and support to all the Service Members. The “post events” consist of 30 and 60 day events, to help ease the transition home. The YRRP program is always here to help Service Members. There are resources offered from the community, the Veteran’s Affairs Organizations, educational seminars to help with marital and single readjustment, substance abuse, anger, stress and many more. Child care and youth programming is provided at these events.

JOINT FAMILY SUPPORT & ASSISTANCE PROGRAM

The Joint Family Support Assistance Program (JFSAP) embodies the DoD's vision to provide mobile, high-quality family services to augment current family programs' ability to meet the needs of Active Duty, Guard and Reserve service members and their families. The primary focus of the JFSAP is to bring these high-quality family services to families who are geographically dispersed from a military installation and who might otherwise be unable to access much needed support.

Military OneSource is a free 24/7/365 information and referral service available via toll-free telephone (800.342.9647) and Internet access (www.MilitaryOneSource.com) to Active Duty, Reserve and Guard (regardless of activation status) and their immediate family members. The services of Military OneSource are especially beneficial to those geographically separated from installation services or those who are unable to seek assistance during traditional working hours. The Military OneSource program improves the quality of life of military families and the overall effectiveness of the military community.
